COVID-19 Safety Plan

Effective 13 June

Indoor recreation facilities

We've developed this COVID-19 Safety Plan to help you create and maintain a safe environment for you, your workers and your visitors.

Complete this plan in consultation with your workers, then share it with them. This will help slow the spread of COVID-19 and reassure your visitors that they can safely visit your business. You may need to update the plan in the future, as restrictions and advice changes – you can make changes to the plan if you've printed or saved it, or you can choose to download and create a new version of the plan.

Businesses must follow the current COVID-19 Public Health Orders, and also manage risks to staff and other people in accordance with Work Health and Safety laws. For more information and specific advice for your industry go to nsw.gov.au
